Class offered:

Improving Attachment Through Classroom Connections + Common Challenges
3 KDHE hours -- Child Growth and Development, Level 3
Amberlee Johns and Kacey Lawrenz

Attendees to will learn the basics of attachment and its development. This course will explore how stress and trauma impact children's self-esteem, and how children communicate their attachment needs. The participants will learn ways to build attachment connections within classroom environment and attachment-based strategies to provide empathy and redirection to common challenging behaviors. The course will also feature an in-depth Q&A/ discussion for your specific questions.

FEES:
\$30 per person
**Please Register by end of day
Friday September 13th**
